

Bronson Chadwick is a children's entertainer out of Fort Worth, TX. He has been performing since he was only five years old by volunteering in stage shows at Cook's Children's Medical Center. Currently the owner of the Illusion Warehouse Magicians Retail Store ([www.IllusionWarehouse.com](http://www.IllusionWarehouse.com)), Bronson teaches comedy and stage magic to beginning students and supplies performers worldwide with premier magician's supplies. Bronson also travels across Texas, Arkansas and Oklahoma performing children's birthday party programs and working day care center magic programs. He also travels to many major magician's conferences, such as the Society of American Magician's Convention, to hone his magical skill and knowledge.

Bronson is thrilled to be invited to the 2010 Texas Clown Association convention. He will be conducting a workshop on how to employ new illusions (magic) in your act and earn the extra buck, getting the most mileage out of only a few minutes of rehearsal with a magic trick. May you be a restaurant entertainer, children's birthday party performer or a volunteer at a local hospital or church, Bronson will be sure to enlighten you.
